On 6 June 2004, at approximately 1535, CCPD Officer M. Gooce #0280, brought prisoner Eric Gonzalez (3-1-79) to The Mueces County Jail for the charge of resisting search. Upon arriving to the County Jail, I heard Gonzalez arguing with Officer Gooce. I could see that Gonzalez was refusing to enter the intake area. As I approached the outer intake area, I heard Gonzalez yell out, "Fuck you! I'm not going in!" I then asked Gonzalez what the problem was. Gonzalez stated that the Officers that arrested him had beaten him up and kept his cigarettes. I then explained to Gonzalez that tobacco was contraband in this facility and that he was not allowed to have it. I then instructed Gonzalez to step inside and face the wall. As I was putting down Gonzalez, he was accusing me of beating him up when he got arrested. I then explained to Gonzalez that I did not arrest him, and that he was dealing with a different agency now. Gonzalez was then escorted to the screening room. Medic I. Cabrera then attempted to check Gonzalez's condition. Gonzalez then refused medical attention. Next, Officer C. Casares and I escorted Gonzalez to holding cell twelve. Gonzalez then began kicking and punching the cell door. Following this, I returned to the property room and resumed inprocessing inmates at the window. Approximately three minutes later, I heard someone calling my name saying that the inmate in cell twelve

was banging on the telephone upon arriving at cell twelve. Officer D. Gorza had already opened the cell door and entered the cell. Officer Gorza then told Gonzalez to place his hands behind his back. Gonzalez then became combative and resisted Officer Gorza. Officer Gorza and Gonzalez then began struggling and fell to the floor. I then held Gonzalez's shoulders secured to the ground as leg restraints and handcuffs were applied. As I was holding Gonzalez down, he began spitting blood onto the floor. I then held Gonzalez's head in place so that he would not spit on me. I also advised Gonzalez that if he did spit on me, he would be charged with a felony. I then told Gonzalez to stop resisting and place his hands behind his back. Gonzalez then stated, "Fuck you motherfuckers." Officers C. Gomez and Casares then applied leg irons to Gonzalez's ankles. Officer Gorza then applied handcuffs behind Gonzalez's back. LT B. Hinojosa then arrived and was notified of the situation. Medic T. Cabrera was then notified to check restraints. After medic Cabrera cleared the restraints, he was asked if he wanted medical attention. Gonzalez then refused two times after being asked. As per LT Hinojosa, Gonzalez was left in cell twelve. At approximately 1620, LT Hinojosa asked Gonzalez if he wanted the medic to check his condition. Gonzalez then agreed and was escorted to the screening room. At this time, I noticed that Gonzalez had two swollen
